

The Margot V. Biermann Athletic Center

THE MARGOT V. BIERMANN ATHLETIC CENTER was completed in February 2013. The primary features of the over 70,000-square-foot facility are a state-of-the-art six-lane, 200-meter running track along with throw and jump areas, and four competition tennis courts. The building also has coaches' offices and locker rooms for the varsity track and field, cross-country, and tennis teams.
